

MONTANA CONSERVATION SEEDLING ORDER FORM

Montana Conservation Seedling Nursery
2705 Spurgin Road, Missoula, MT 59804
(406) 542-4244; fax 542-4203 - www.dnrc.mt.gov/forestry/nursery - mtnursery@mt.gov

Seedlings are sold on a first come, first serve basis, so order early. See enclosed inventory sheet or above website for current species availability and prices. Only containerized seedlings can be received in the fall.

The minimum order is 250 seedlings or 40 100 cu. in. containers for new plantings. Order deciduous trees and shrubs in lots of 50, conifers in lots of 25, and 100 cu. in. containers in lots of 8. Orders from landowners with 10 or more acres will be given priority before March 1st. Landowners with less than 10 acres can place their orders at any time, but these orders will not be confirmed until March 1st, pending seedling availability. When replacing seedlings from a previous nursery order, the minimum order is a single bundle (50 deciduous, 25 evergreens, 8 100 cu. in.).

The conservation planting plan on the reverse side must be completed and approved. Be specific; the plan must show how the planting is a conservation practice. Include items such as species, spacing between seedlings, spacing between rows, distances from buildings and roads, and direction of prevailing winds. It is recommended that the plan be approved by your local County Extension Agent or Conservation District personnel but can also be approved by Nursery staff.

APPROVED SEEDLING USES: Montana Conservation Seedling Nursery seedlings are strictly for conservation practices and cannot be used for ornamental or landscape plantings. **If you want to buy landscape plants see your local private nursery or garden center.**

NEW SHIPPING INFORMATION: Orders must be received by April 1st to insure delivery by state truck. In April, one delivery date by state truck is scheduled for selected counties. **Please review the delivery list on other side to determine if the state truck will deliver to your county.** You may also ship FedEx on a date of your choosing for an additional charge, or pick up at the nursery. Fed Ex shipping is highly recommended if you are uncertain of your planting date and for high elevation sites.

TERMS OF SALE: Due to the perishable nature of nursery stock, the effects of climate conditions, and the need to follow accepted storage and transplanting practices, the nursery cannot be responsible for loss of stock after receipt and acceptance of the nursery stock. The Montana Conservation Seedling Nursery's total liability is limited to the original purchase price of the nursery stock. Credit may be allowed for proven unsatisfactory stock through mutual agreement of the purchaser and the nursery providing:

- The nursery is notified within 10 days after the seedlings have reached your county.
- That mishandling in transit by a commercial transit company did not cause the damage or injury. (Claim should be filed with the transit company)

We reserve the right to change prices at any time. Check with the nursery or our web site for current prices.

Orders not paid in full by June 1st may be charged interest at the rate of 1.25% per month or an annual rate of 15%.

CANCELLATION/ORDER CHANGE POLICY: All but a \$30.00 processing fee will be refunded when an order is canceled prior to January 1st. Orders canceled after January 1st are assessed a 50% cancellation charge.
